

Missouri Department of Natural Resources

Natural Disaster Assistance for Missouri Citizens What To Do With Disaster Debris

1-800-361-4827

Department of Natural Resources fact sheet

3/2006

The following guidance applies only after the Governor has declared a state of emergency due to damage caused by a natural disaster.

After the Governor issues an executive order giving the Director of the Missouri Department of Natural Resources the authority to temporarily waive or suspend the rules and regulations, the Department issues variances from environmental regulations during the emergency and subsequent recovery period.

Check with the department's nearest Regional Office for details on how wastes shall be handled before implementing any of these special practices. A list of regional offices is found in this document and on the Web at www.dnr.mo.gov/regions/regions.htm.

OPEN BURNING

Untreated wood, vegetation, structural debris and lumber

Wood or untreated lumber may be mulched for on-site use if chippers are available. Untreated lumber does not include painted material, CCA or creosote impregnated materials.

Vegetative material may be disposed of in a permitted sanitary or demolition landfill. Contact municipalities for information on local collection of this material or for centralized drop-off areas.

Open burning of wood may be permitted, although **extreme caution** is urged, due to possible gas leaks and other storm-related problems. Be sure to contact your local fire authorities prior to any burning. Some local authorities regulate open burning, so check with them first. **Tires or used oil may not be used to start fires.** Straw bales or virgin petroleum products, such as diesel fuel, are acceptable accelerants. **Burning will be allowed only with the approval of the local fire officials and local Missouri Department of Natural Resources Regional Office. Open burning permits are required and may be obtained by calling the Regional Office. Local authorities or permits may impose additional requirements.** The ash may be buried on-site with a minimum two feet of clean soil.

In rural areas, to minimize impact on neighbors when open burning, start fires after 10 a.m. and discontinue burning by 4 p.m.

Tires

Tires must not be burned or buried on-site. Tires should be cut into thirds and buried in a permitted sanitary landfill. You may also contact a local tire retailer for other disposal options. You also may contact a permitted waste tire hauler in your area. A list of haulers may be obtained from the Missouri Department of Natural Resources at the following Web address: www.dnr.mo.gov/env/swmp/tires/tirehaul.htm. Individuals or municipalities who accumulate more than 500 tires should contact the department's Solid Waste Management Program at 1-800-361-4827 or (573) 751-5401 for guidance.

Dead Animal Disposal

Small accumulations of dead animals should be buried on site as soon as possible to reduce public health hazards and odor problems.

Large accumulations of dead animals will require special consideration. Contact one of the following offices:

State Veterinarian (Department of Agriculture), (573) 751-3377
Public Health Veterinarian, (573) 751-6136
Department of Natural Resources' Solid Waste Management Program, 1-800-361-4827 or (573) 751-5401

HOUSEHOLD DEBRIS

Appliances

Appliances include clothes washers, dryers, water heaters, trash compactors, dishwashers, conventional ovens, ranges, stoves, woodstoves, air conditioners, refrigerators and freezers.

Appliances damaged by the storm can be disposed of in a sanitary landfill only if a state of emergency has been declared by the Governor. Cities and counties are encouraged to coordinate collection of storm damaged appliances, using their own public works vehicles or contract help. Cities and counties should establish centralized collection centers to accumulate damaged appliances. Refrigerants should be legally recovered from air conditioners, freezers and refrigerators before recycling them or sending them to a landfill.

Processing and Recycling Appliances for Residents and Business Owners

Individuals needing to dispose of damaged appliances should contact their local officials first for collection of drop-off information, either for recycling or disposal. In rural areas where local assistance is not available, individuals should contact scrap metal recyclers.

For a partial list of recyclers, contact the Department of Natural Resources' Solid Waste Management Program at 1-800-361-4827 or (573) 751-5401. Many recyclers are listed in the yellow pages of your local telephone directory.

Structural Debris and Treated Lumber

Concrete, rock, brick and other materials defined as "clean fill" under state law may be buried onsite. Treated wood and painted or coated construction debris shall be handled as shown below.

- Contact municipalities for information on local collection of this material or the location of a centralized drop-off area.

- Material containing asbestos (transite siding, pipe, insulation), tires, and other materials that may generate toxic fumes (plastics, synthetic materials and shingles) must not be burned.
- Commercial, institutional, industrial and residential structures with more than four living units must be inspected for asbestos containing materials. Inspections must be conducted by Department certified inspectors. Department notification is required prior to cleanup activities of these structures. Asbestos removal may be needed depending upon the type and amount of asbestos materials identified. Lists of inspectors and asbestos contractors may be obtained from the Air Pollution Control Program at (573) 751-4817 or at www.dnr.mo.gov/env/apcp/index.html.

Storm-Damaged Home Furnishings

- Home furnishings including carpeting, draperies, linens, kitchenware, furniture and mattresses should be disposed of in a municipal solid waste landfill. Contact your local municipality about possible bulk collection.
- Because of toxic fumes, these items must **not** be open burned.

REGIONAL OFFICES

The Department of Natural Resources' Regional Offices provide field inspections, complaint investigation and front-line troubleshooting, problem solving and technical assistance on environmental issues and emergencies.

Kansas City Regional Office

500 NE Colbern Road
 Lee's Summit, MO 64086-4710
 (816) 622-7000
 (816) 622-7044 fax

Counties served: Andrew, Atchison, Bates, Benton, Buchanan, Caldwell, Cass, Clay, Clinton, Daviess, DeKalb, Gentry, Harrison, Henry, Holt, Jackson, Johnson, Lafayette, Nodaway, Pettis, Platte, Ray and Worth.

Northeast Regional Office

1709 Prospect Dr.
 Macon, MO 63552-2602
 (660) 385-8000
 (660) 385-8090 fax
 Counties served: Adair, Audrain, Boone, Callaway, Carroll, Chariton, Clark, Cole, Cooper, Grundy, Howard, Knox, Lewis, Linn, Livingston, Macon, Marion, Mercer, Moniteau, Monroe, Osage, Pike, Putnam, Ralls, Randolph, Saline, Schuyler, Scotland, Shelby and Sullivan.

Southeast Regional Office

2155 N. Westwood Blvd.

P.O. Box 1420

Poplar Bluff, MO 63901

(573) 840-9750

(573) 840-9754 fax

Counties served: Bollinger, Butler, Cape Girardeau, Carter, Crawford, Dent, Dunklin, Howell, Iron, Madison, Maries, Mississippi, New Madrid, Oregon, Pemiscot, Perry, Phelps, Pulaski, Reynolds, Ripley, Scott, Shannon, St. Francois, Ste. Genevieve, Stoddard, Texas, Washington and Wayne.

Southwest Regional Office

2040 W. Woodland

Springfield, MO 65807-5912

(417) 891-4300

(417) 891-4399 fax

Counties served: Barry, Barton, Camden, Cedar, Christian, Dade, Dallas, Douglas, Greene, Hickory, Jasper, Laclede, Lawrence, McDonald, Miller, Morgan, Newton, Ozark, Polk, St. Clair, Stone, Taney, Vernon, Webster and Wright.

St. Louis Regional Office

7545 S. Lindbergh, Suite 210

St. Louis, MO 63125

(314) 416-2960

(314) 416-2970 fax

Counties served: Franklin, Gasconade, Jefferson, Lincoln, Montgomery, St. Charles and St. Louis.
